Dear Selina

I would just like to extend my sincerest thanks for allowing our year 6 children and parents to have tour around your school on Wednesday.

I appreciate that you has already conducted your open evening to parents and that this was done as a special favour as the children had missed the evening due to a school trip.

All of the children who attended were really impressed with Lyndon and a little on awe of the size! Parents have commented that they had a warm welcome from you and your team and that the prefects who showed them around were excellent tour guides and very informative!

Once again, thank you so much for arranging the tours. I look forward to meeting you in the near future.

Regards
