

# EducAid Africa

I understand that currently you have raised around £5000 since you started and then there is also the money which you have just raised recently. Each sponsored pupil costs £1000 in total and you are now currently sponsoring 5 students including your newest one Maria Oloo who is in her first year. I have included information on each student which we met and photographed except one who was absent at the time. He is Nickson Charo who is in Year 2 at St Georges High School. You also partially sponsor a deaf boy, Kalama Baraka who attends Kibarani Primary School (attached to a school for the deaf).

## Pupils Sponsored by Lyndon School

Lyndon School currently sponsors the following pupils:
